Re.: Statement regarding misappropriation of funds

Dear Mr. Brison, dear Rolando,

This morning you called me and requested to meet with me at 10:30 as you would have to be in Philipsburg for certain matters. At first I agreed, but had to postpone the meeting till 13:30 due to a seminar given by the St. Maarten Bureau of Telecommunication that I had to attend. We met at my office in Philipsburg and proceeded to Chesterfield Restaurant on my request as I had not yet had lunch.

Directly at the start of the meeting after we had ordered something to drink and lunch, you indicated that you wanted to talk about the investigation that was taking place internally into the unsettled advanced per diems to pilots (Flight Safety training, staying over in Antigua and repatriation of aircraft to and picking up of aircraft from Canada).

You confessed to have misappropriated company funds to a yet unknown amount. The amount of which you knew for sure that had been misappropriated, was a total amount of about USD 5,800. You indicated that it could be more, but that you did not know how much more. Amongst others there were amounts received from the pilot Patrick Rogers (USD 4,820.35) and Nigel Brooks (less than USD 1,000). You specifically mentioned that the captains Oliver and Hodge who were your superiors were not to be blamed for your actions. You indicated that you were willing to cooperate with any investigation to get this matter behind you and that you felt responsible for the work that you still had on your desk and under your responsibility at Winair. You said that it was up to us to decide what we wanted the further course of action to be. You agreed that you would resign if that had to be the case or accept being fired if that is what the company wanted to do. You told me to give you the opportunity to go to the office and break the news to captain Oliver yourself, as you wanted him to hear this from you first. Nothing more to be said, you left Chesterfield Restaurant on your motor bike.
